We are committed to cleaning any space you request with absolute efficiency as we would our own space. Our Maids, Inc. has become a leader in the industry thanks to our continuous effort to provide customer satisfaction. Thanks to our new franchise opportunities, we're taking our services to other communities across the nation!

Concept

With 22 years in the industry, we've managed to scale the ladders of success through our simple philosophy: to be the most affordable and reliable cleaning service brand in our industry. From the very beginning, we have a set price of \$99 for our cleaning services that has never changed and continues to reflect our consistency. We also believe in operating with the very best attitude! When you request our services, our professional cleaning workers will step into your home with a smile and treat your home or office with respect and integrity to feel comfortable in that space. This has solidified Our Maids, Inc. as a cleaning service that cares.
